Clinic Philosophy

We welcome any player between the ages of 7 and 12 whether an experienced player or a newcomer to the game of baseball. Our program will be tailored to all ages and skill levels with the objective of improving individual fundamentals and proper team play. All players will be grouped according to age, physical maturity, previous experience, and overall ability. They will be under the personal supervision of coaches who specialize in the areas essential to building a solid baseball foundation. The player will receive concentrated instruction in the areas that he or she and the coach feel require the most attention. The fundamentals of hitting, fielding, base-running, and team play are part of daily instruction. Sportsmanship, leadership, and Christian values will also be modeled and discussed.

Bill of Rights for Young Athletes

- Right to participate in sports
- Right to participate at a level commensurate with each child's maturity and ability
- Right to have qualified adult leadership
- Right to play as a child and not as an adult
- Right of children to share in the leadership and decision-making of their sport participation
- Right to participate in safe and healthy environments
- Right to proper preparation for participation in sports
- Right to an equal opportunity to strive for success
- Right to be treated with dignity
- Right to have fun in sports
